

At St Simon's Catholic Primary School, we are blessed to offer Forest School as part of our curriculum, allowing children to explore and appreciate God's creation while learning valuable life skills in the great outdoors.

Through hands-on experiences - such as building shelters, identifying wildlife and working as a team - our pupils develop confidence, resilience and a deep respect for the natural world. Forest School nurtures well-being, creativity and independence, encouraging children to use their God-given talents to learn and grow.

As we embrace outdoor learning, we live out our school motto: "Whatever you do, do it for the glory of God." By caring for the world He has created and supporting one another, we strengthen our faith, our friendships and our understanding of His presence in all things.
