

STRIVE

Curriculum Statement of Intent

At St Simon's, our school curriculum is designed to enable all individuals to flourish into the best versions of themselves that they can possibly be. We promote lifelong learning for all and encourage questioning as a way of exploring and appreciating the awe and wonder of our world.

Our intention is for every child to be loving, kind, caring, unique individuals; equipped with all the tools they need for the future, enabling them to live happy fulfilled lives anywhere in the world.

With this in mind we have created our own STRIVE curriculum throughout the school. Each year group have planned their proposed teaching and learning with the intended outcomes that all children will develop their ability to be:

Spiritual (to show God's love in our actions).

Trusted (to develop secure relationships with others).

Resilient (to keep trying hard, learning from all experiences).

Inquisitive (to question and develop a thirst for learning).

Valued (to appreciate and respect ourselves and others).

Exceptional (to be the best version of ourselves that we can be).

Everything we do at St Simon's, we do for the glory of God, putting children at the centre, ensuring that they receive the best education possible.
